

# Commvault® Cloud Backup and Recovery for Google Workspace

Commvault Cloud delivers powerful, enterprise-grade data protection for Google Workspace. With comprehensive coverage across Gmail and Google Drive, Commvault keeps valuable data safe from deletion, corruption, and ransomware attacks—all with the simplicity of SaaS.

## DATA RESILIENCY AND RECOVERY

- Advanced data protection and resiliency
- Isolated and immutable backups in an air-gapped location
- Dedicated controls to meet retention and recovery SLAs

### Hassle-free protection

Comprehensive protection across Gmail and Google Drive. Effortlessly locate active or deleted data, rapidly recover from an attack, and help meet your SLAs with ease.

- Gmail and Google Drive data and metadata protection
- Auto-discovery for proactive protection of new users and data
- Recovery of entire mailboxes and individual emails to multiple locations
- Recovery of entire drives or individual files to multiple locations
- Long-term, extended retention

### Enterprise-grade protection

Go above and beyond for your critical Google Workspace data. With stringent protection standards, privacy protocols, and zero-trust access controls, Commvault Cloud provides multi-layer data protection to minimize the effects of cyber attacks and combat today's data loss threats.

- Isolated, air-gapped backups from source data
- Layered security that meets industry standards and supports regulation compliance
- At-rest and in-flight data encryption
- Role-based, SSO authentication controls
- Advanced security insights and threat monitoring

### Award-winning SaaS

With Backup & Recovery for Google Workspace, you get cost-effective data protection, without the complexity. Harness the power of hassle-free deployments, maintenance, and management. SaaS that's proven to reduce costs and eliminate headaches—so you only pay for what you need.

- Extended retention and cloud storage included
- No hardware or large upfront capital investments
- Zero egress fees or hidden storage charges
- Automatic updates and maintenance

---

## SUPPORTED APPLICATIONS

- Google Workspace Gmail
- Google Workspace Drive and Shared Drive
